Education

Vishnu Institute of Technology

B.Tech in Computer Science and Business Systems (CGPA-8.53)

October 2022 – March 2026

Bhimavaram

Projects

Alumni Association Platform | *React.js, Node.js, Express.js, MongoDB*

[Link](#)

- Rolled out an alumni engagement platform with 50+ users, enabling real-time connections through intuitive directories and networking tools.
- Added job portal, donation module, and event registration, resulting in a 30% increase in alumni participation.
- Enabled separate dashboards for students and alumni with secure login, reducing unauthorized access by 90%.

Campus Connect | *React.js, Node.js, Express.js, Firebase*

[Link](#)

- Engineered a 5-page full-stack freelance platform simulating student-client interaction for task-based work like data entry and editing.
- Designed 3+ user flows including task posting, application, and approval logic for mock task management.
- Integrated a simulated payment module and crafted an intuitive dashboard to manage 10+ mock users and tasks.

PrepMaster | *React.js, Node.js, Express.js, MongoDB*

[Link](#)

- Created a 6-page alumni portal prototype with features like login, alumni directory, job links, donation forms, and event registration.
- Boosted simulated engagement by 45% by incorporating job postings, donation tracking, and event registration components.
- Ensured frontend responsiveness and optimized 4+ backend APIs for form processing and profile handling.

Skills

Programming Languages: Python, Java, C

Web Technologies: HTML, CSS, JavaScript, React.js, Bootstrap CSS, Tailwind CSS, Express.js, Node.js

Data Analytics: SQL, Excel, PowerBI, Tableau

Databases : MongoDB, Firebase

Tools: VS Code, Google Colab, Git, GitHub, Figma.

Internships

Full Stack Development [Eduskills]

April 2025 – May 2025

- Designed 3+ mini projects like Registration Form for user authentication, Implemented a Telegram chatbot that delivers jokes and quotes via APIs and a Student Portfolio website.
- Collaborated on front-end and back-end integration to ensure smooth data flow and user experience across all projects.

Data Analytics [Accenture]

April 2025 – May 2025

- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture.
- Cleaned, modelled and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions.

Hackathons

- Contributed to the 24hrs Hack-a-Tron in Google Developer Students Club in the Implementation of the online Law Consultation System in 2023.
- Collaborated in Smart India Hackathon in the of Implementation of the Alumni Association Platform for a Institute in 2024.
- Engaged in a college hackathon, contributing to the development of a platform focused on creating an intuitive platform to help users become more effective and articulate communicators in 2023.

Certifications

Python (Kaggle), Java (LetsUpgrade), GFG 160 days DSA (GeeksforGeeks), MERN Stack (GeeksforGeeks).

Achievements

- **Ranked in Top 35 teams** among hundreds in **Smart India Hackathon 2024 Internal Round**, solving real-world problems under strict time constraints using full-stack development.
- **Led innovation initiatives** as the **Student Coordinator** for the Institution's Innovation Council (IIC), CS&BS branch, organizing tech sessions and fostering entrepreneurial thinking among peers.
- **Assisted** in Python Guest Lecture at **Smt. B. Seetha Polytechnic College**, managing code execution and presentation for 70+ students, March 2025.
